

Dear friends in St Andrews,

I thought it right to write to you and encourage you in your recent moves. There are many all around the world who are watching what happens in parishes like yours and praying for you as you put the lordship of Christ over and above anything else.

It is an encouragement to us to see you doing what you do and notably in such a gracious manner.

It is also remarkable to feel united to brothers and sisters in Christ who I have no doubt I shall never meet until glory.

In Christian love

David Ould
Ordinand, Sydney Australia
